

POLICE COURT HAS A GROUP OF VAGRANTS TO DEAL WITH

Nine men, who in appearance might have been the vanguard of Kelley's army, were brought from cells in the city jail this morning and lined up before the municipal court judge. One was charged with drunkenness and the others with trespass.

Carl McCoy, the alleged drunk, pleaded guilty to the charge. He was in court about three days ago on the same charge and released on probation. He was arrested again last night by Patrolman Blackburn, who found him sleeping in the Rex theatre. He was sentenced to serve five days.

Patrolman Blackburn also arrested the other eight men. They were sleeping in Gomer Nicholas' barn at the rear of 324 Twenty-eighth street. In court they answered to the names of John Burns, Ed Johnson, David Lillie, F. P. McGovern, H. P. Burfee, Tom McCoy, A. Hansen and James Campbell and all pleaded guilty to the charge against them. Burns was sick and his case was continued. Lillie was drunk and didn't know where he was going when he entered the barn. It was his second appearance in court this year for the same offense and he was sentenced to serve five days.

McGovern is well known in local police circles. He is subject to epileptic fits and has been taken care of by the authorities on a number of occasions. He was given a suspended sentence. The others were sentenced to serve five days each.

C. M. Jones, a drunk, was given a five-day suspended sentence. He said that he was a telegraph operator and gave Denver as his home. J. E. Cottle was also given a suspended sentence. He was charged with vagrancy, the specific case being an attempt to sell "phony" jewelry.

N. W. Ransom, charged with disturbing the peace, forfeited \$10 bail yesterday. Thomas Hayes received a suspended sentence. He was charged with vagrancy.

The case of J. E. Cottle, who was also charged with vagrancy, was set for tomorrow morning.

E. Olsen, a Salt Lake youth, received a suspended sentence. He was arrested by Officer William Reast and charged with breaking the speed law on a motorcycle.

Ray Carlson, a drunk, received a good lecture and a six-month suspended sentence. He was arrested Saturday night by Patrolman Marlin.

What Thin Folks Should Do To Gain Weight

Physician's Advice For Thin, Undeveloped Men and Women

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-fads, physical culture stunts and rub-on creams, resign themselves to life-long skinniness and think nothing will make them fat. A recently discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This new preparation has given rise to a large demand for it. While this new preparation has given splendid results as a nerve-tonic and vitality, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh. Advertisement.

YOUNG FELLOWS ARE OFF ON A JOURNEY

The cheerful faces of Jesse Shields and Jerry Denkers, which have been seen regularly every day at the Union depot, under a bright "red cap," will be missed for the next thirty days, but Jerry and Jesse are not in "durance vile" but instead are celebrating their first vacation in five

"SOLDIERS OF FORTUNE" In Six Parts

Featuring Dustin Farnum. Through the ardent efforts of Richard Harding Davis and Augustus Thomas, the co-operation and aid of the Cuban Army and the United States Navy was enlisted for this production, and a most exceptional application of these opportunities has been made. The city of Santiago, Cuba, in its entirety, was placed at the disposal of the All Star Company, its buildings, its plaza, its clubs and its equipment.

A grand production, showing at the Globe tonight and tomorrow night for the last time. At the usual prices. Advertisement.

SEEK REMOVAL OF ADMINISTRATOR

Alleging that Edward J. Horrocks, administrator of the estate of the late Samuel Horrocks, is not properly attending to the affairs of the estate and that he has made no report of receipts and expenditures nor of claims against the estate, and that he is using property of the estate for his personal benefit without paying rental therefor, Martha H. Rolapp and Belle H. Rolapp, heirs of the estate, have petitioned the district court for his removal.

The administrator will be required to show cause why he should not be removed.

ST. PATRICK'S DAY IS RELIEF SOCIETY ANNIVERSARY

The 17th of March, celebrated as St. Patrick's day, is also a day of celebration among the Relief societies of the Mormon church as the anniversary of the founding of the society.

This organization, unique in the annals of women's work for the public welfare as the first organization of its kind in the world—a claim which, according to prominent members of it, has not been successfully controverted—was organized by the Mormon prophet, Joseph Smith, in 1842. The organization was effected at Nauvoo, Ill., with a membership of 13 and Emma Smith, the wife of the prophet, was elected president, and Eliza R. Snow, secretary.

It has now grown until it numbers over 40,000 members, with branches in nearly all places where members of the Church of Jesus Christ of Latter-day Saints reside.

At the time of its organization, the Saints were passing through the trials attendant upon their being driven out of Nauvoo and its purpose was entirely a charitable one. At the present time, though its main object is still the same, the needs of the people are not nearly so great and time is given for self culture, under the guidance of manuals of study prepared by the church leaders.

Today marks the 72nd anniversary of its founding and in a number of the wards gatherings are being held this afternoon.

At the Fifth and Third wards tonight the ladies of the societies will entertain the members of the wards and their friends at a dancing party.

Easy Way to Remove Freckles and Eruptions

Some women have skin of such texture they occasionally are annoyed by the sudden appearance of freckles, slight eruptions or fine lines. March 17th usually play havoc with skins of that kind. In such cases if one will procure an ounce of common mercuric iodine at any drug store, apply a little of it before retiring, like cold cream, she can easily overcome the trouble. In the wax is washed off next morning, flaky skin particles come with it. The entire outer cuticle is removed in this way in a week or so. The new surface is smooth, clear, fresh looking. No pain or inconvenience accompanies this simple treatment. In case of wrinkles which sink beneath the outer skin, a solution of boric acid, 1 oz. dissolved in 4 pt. witch hazel, makes a face bath which is wonderfully effective. Advertisement.

TEN VETERANS OF POLICE FORCE QUIT

Chicago, Ill., March 17.—Rather than return to uniforms and again patrol "beats," ten veteran Chicago policemen resigned yesterday when they were transferred from the detective department to precinct police stations.

Several of the officers had been connected with the department for nearly thirty years.

Of the 33,390 people employed in the manufacturing industries of New Jersey 80,542 are women.

In the last thirty years more than 2,000,000 people have left Italy for Argentina as immigrants.

OWNER OF A ROOMING HOUSE FINED IN POLICE COURT

Louis Prantel was tried in municipal court today on the charge of battery committed upon the person of Emil Olsen yesterday afternoon at the Central rooming house. He was found guilty and sentenced to pay a fine of \$15.

The story of Olsen, the complaining witness, was to the effect that he had hired a room from the proprietor of the rooming house at the rate of \$2 per week. He was to pay 50 cents each day and then at the end of the week was to get a rebate. He was at the house Sunday night, but owing to a disturbance caused, he said, by other roomers, he could not sleep and the next day he decided to move. He went to work yesterday morning and returned to the hotel during the afternoon to get his suitcase. After getting the suitcase, he asked Prantel for a rebate of 15 cents on the 50 cents he had paid for the room the night before. A quarrel ensued and Prantel hit him in the jaw, knocking him down. Prantel, he said, also held him to prevent him calling the police.

Prantel in his statement claimed Olsen was drunk and had fallen down. He admitted holding Olsen but said that he did so because he wanted to call the police. Prantel had two witnesses present, but their evidence was not material.

The case of Ogden City vs. H. Gavros and Sam Bridgen was concluded this morning. The two defendants given a \$15 and \$5 fine respectively. They were charged with disturbing the peace by fighting, the row having occurred in Gavros' place of business on lower Twenty-fifth street.

WINDOWS ARE BROKEN BY ROCKS BEING THROWN

Reports were received at police headquarters this morning from the Campbell Grocery company and the John S. Cowart & Sons Co., to the effect that a window in the building of each company had been broken by a rock.

Some of the officers believe that the work was done by "eggmen" who broke the windows just to see if the watchman of the buildings were on the job, while others think that the damage was done by small boys.

Both theories are being worked on by the department.

PETITIONS PRESENTED TO CITY BOARD OF COMMISSIONERS

The petition of J. A. Smith, requesting the city to repair a driveway and gutter at his place on Madison avenue, was referred to the city engineer for an estimate of the cost for the proposed repairs. In making city improvements in that vicinity last fall it became necessary to tear up Mr. Smith's driveway leading to his home and also make changes in the gutter.

The petition of property owners, asking for an arc light on Nineteenth street and Lincoln avenue, was referred to the superintendent of streets.

VETERANS THANKFUL OVER SUCCESS OF ENCAMPMENT

Dix-Logan post G. A. R., through its committee on arrangements, desires to thank those who helped to make the state encampment the success it was.

Our thanks are especially due to Mayor Fell for his happy address of welcome in the morning; to Hon. A. R. Heywood for his interesting address at the campfire in the evening; also Colonel M. M. Kaighn and Captain E. T. Hulanicki; to Mrs. Grace Russell Bartlett, the Ladies' of the W. R. C. and especially to J. W. Ramey and Mrs. Glazer for their beautiful accompaniment to his patriotic songs; to Miss Norma White and Miss Alice Francis for their part in the musical program.

We wish also to thank the Elks for their offered hospitality of their luxurious rooms during the day of our reunion; also for the offer of autos by F. W. Herrington and Judge Heywood, which we did not use. (Signed) AL WHITE, Chairman Committee on Arrangements.

WEBER ACADEMY BASEBALL CONTEST

The Weber academy class series of baseball games was started yesterday afternoon when the freshmen and sophomore teams met on the diamond at Monroe avenue and Twenty-eighth street. The game went seven innings

and was a fine contest of amateur baseball. The score was 3 to 2 in favor of the Sophomores and the lineup was as follows:

Sophomores.	Freshmen.
C. Ferrin.....	L. Fuller
Bassett.....	Smith
Critchlow.....	Deis
Monson.....	Stallings
R. Parry.....	Mason
Nixon.....	Belnap-Wilde
Shupe.....	H. Bingham
C. Bingham.....	Rawson
Meacham.....	Chambers
Umpire—Watson.	

The runs were made by Ferrin, Bassett and Monson for the Sophomores, and Smith and Rawson for the Freshmen.

BOX CAR THIEVES AT WORK DURING THE NIGHT

Box car thieves operated last night on a Denver & Rio Grande freight car, standing on the track between Twenty-third and Twenty-fourth streets near the new Denver & Rio Grande freight station. The value of the goods taken from the car is not yet known, as difficulty has been found in checking up the goods.

The first evidence of the robbery was discovered by Patrolman James Hearn, who found the stock of a new shotgun, empty revolver and shotgun cartridges in the coal yard at the rear of 2339 Lincoln avenue, near where the boxcar was standing. He investigated further and found the car open and immediately notified the railroad authorities. A pair of new shoes was found under the platform at the H. L. Griffin company's warehouse on Wall avenue, but it is not known whether the shoes were taken from the car.

Two members of the police department made a fruitless search of the "jungles" near the Weber river this morning.

BASEBALL PLAYERS ARE TO ARRIVE TOMORROW

Secretary Angus Kennedy of the Ogden baseball club received word today from "Ducky" Jones, third baseman, and Joe Devine, left fielder, that the two were on their way to Ogden and expected to arrive here tomorrow.

All the men have been ordered to report for the spring training season by March 25th and one or more are expected to arrive daily until that time. If the present good weather keeps up, the Glenwood grounds will be in good condition for the work-outs and the new club house will be ready for the use of the players in a few days.

MAIL RECEIVED FROM EXPLORER

Stefansson Reports Party in Good Spirits and Conducting Valuable Work.

Ottawa, Ont., March 17.—Mails just received at Ottawa from the royal mounted police stationed at Fort MacPherson transmit letters to the naval department from Vilhjalmur Stefansson, written last January.

Stefansson reports that the members of his party are all in good spirits and are conducting valuable exploration work in the Mackenzie delta, which has never before been accurately mapped.

He refers to his projected sled trip over the ice of the Arctic ocean into the unknown region to the northwest of Herzebel island. He says he expects to go at least 150 miles out in the Arctic where no one has ever been before and where they may be undiscovered islands.

He gave no new information in regard to the Karluk.

The naval department has notified the Russian government that there is a possibility of the Karluk drifting in the ice across the Arctic ocean and landing in Siberia. In that event it may be three or four years before the crew of 25, including five or six scientists, is again heard from.

The vessel is provisioned for five years at a pinch.

Fertilizer For Lawns.

We sell a pure fertilizer, free from weed seeds, at \$1.50 per cwt. It requires 10 pounds to 100 square feet of lawn. Should be applied in early spring by sowing broadcast and watering immediately after application. Will produce a beautiful, clean velvet green lawn. It is far superior to manure. SIX WEEKS HARD LABOR FOR WOMEN

London, March 17.—A sentence of six weeks hard labor was pronounced today on Catherine Wilson, a militant suffragette, who was arrested last night in the lobby of the House of Commons while dressed in men's clothing and carrying a dog which she secreted in her sleeve. She was charged as a suspected person.

She told the magistrate: "I went to the House of Commons to give Premier Asquith or Home Secretary McKenna a good thrashing."

CARRANZA MAKES NEW PROMISE

American Doctor, Held in Sonora, to Be Allowed to Consult With Consul.

Washington, March 17.—Another promise from Carranza to respect foreign lives and property was received today through Consul Simplich at Nogales. Carranza has instructed General Gonzales to permit Dr. Ferguson, an American, held in Sonora, to consult with the nearest American consul.

A report from Rear Admiral Fletcher commanding the American squadron in the Gulf of Mexico, saying the Constitutionalists have destroyed pumps and burned the water works seven miles from Tampico, perplexed officials here because of the lack of details.

Rear Admiral Howard reported conditions on the west coast as unchanged.

Mexico City, March 17.—A party of sixteen officers and men from the Japanese cruiser Idzumo, now at Manzanillo, arrived today on a sight-seeing trip to the federal capital. They expect to return to the Idzumo after a few days' stay.

Mexico City, March 17.—It was reported today that Querido Moheno, minister of commerce and labor, was about to resign from the cabinet.

Carrothers at Military Trial.

El Paso, Texas, March 17.—The favorable result of negotiations between the State Department and General Carranza over the protection of foreigners was indicated today when George C. Carrothers, special agent of the department of state, was invited to be present at the trial by a military court in Juarez of James Logan, an American negro, charged by the rebels with being a federal spy.

Carrothers went to Juarez early in the day and was courteously received by members of the court. This concession in the Logan case comes exactly one month after the killing of William S. Benton, a British subject, who, it is said, not only had no chance to appeal to representatives of his government but was slain without trial.

It is expected that Carranza's commission which is investigating the Benton case will be ready to report to General Carranza upon his arrival in Juarez next Sunday.

Undue Influence Used.

Charges were made today in the United States commissioner's court that undue influence had been exercised upon a witness in the case of the United States against Miguel Diebold, federal consul general on the border, and three other Mexican officials of El Paso. The preliminary hearing was postponed until the missing witness could be located.

The government attorney today questioned a witness regarding the disappearance of one of the eight Mexicans whom, it was charged, had been enlisted at El Paso for service in Mexico.

JEWISH COLONY WILL SUCCEED

Lecturer on Political Economy Tells of Agricultural Cooperation in Palestine.

New York, N. Y., March 17.—Dr. Franz Oppenheimer, lecturer on political economy at the University of Berlin, told a mass meeting in Cooper Union last night about agricultural cooperation in Palestine.

When Theodore Herzl asked me to help him in the work of colonization of the Jews in Palestine," Dr. Oppenheimer said, "I submitted to the congress of 1903 a plan of colonization upon a co-operative basis. Herzl died and it was nearly ten years later when the plan was ready for adoption, because the leaders of the movement had no faith in it at first."

"But development in Palestine compelled them to accept my plan as the only possible one for colonization of workmen without capital."

"The colony which I have founded in Palestine is of the pure co-operative kind. It is situated in the celebrated Plain of Jezreel, immediately

below Nazareth, with an area of about 1000 acres. There are fifty workmen in the colony now, and we have a right to say that there is hope for its future success."

Jersey City will probably be the first city to have women as autobus conductors.

The wages paid the musical instrument workers of this country amount to about \$50,000,000 annually.

THE WORLD'S MARKET NEWS

WALL STREET

New York, March 17.—The cumulative effect of persistent buying on recent recessions was apparent in the stock market today. Failure to unsettle the list by concerted pressure on New Haven and Kansas Texas issues revealed the strong technical position of the market and gave an opportunity for a squeeze of the shorts. After a listless beginning, the market gradually gathered strength, becoming more active on the upturn.

Buying was promoted by reports of pending favorable developments in the Mexican situation, which, while they apparently had no authentic origin, influenced trading widely. There was a good absorption of many railroad shares with high investment ratings.

The market closed steady. Heaviness of a few specialties, particularly Rubber and Westinghouse, affected the general list slightly in the final dealings.

CHICAGO GRAIN

Chicago, Ill., March 17.—Wheat took a downward bend today on account of light rains at a few points in Kansas. The suggestion of relief from dry weather danger southwest proved to be sufficient to turn speculative sentiment. A liberal increase of the European visible supply acted also against the bulls. Opening prices were a shade to 1-8@1-4c lower, and there was an additional subsequent decline.

Favorable crop reports from Argentina tended to make corn easy. Pit demand enlarged, however, when prices went under last night's level. The market opened a shade lower to 1-8c up and then sagged all around. Oats showed weakness owing to the setback in other grain and because of the large stocks in sight, especially Canadian. Shorts were about the only buyers.

Lower prices for hogs put a handicap on provisions. The downward changes in quotations, though, were not of a radical sort. Some reaction in wheat followed as a result of dispatches from southern Kansas telling of continued high winds and of dust storms. The close was firm at 1-4@3-8c net decline to a shade advance.

Later the corn market hardened in consequence of reports that western supplies were being rapidly depleted. The close was firm, 1-8@1-4 to 3-8c above last night.

Lead.

New York, March 17.—Lead—Quiet, \$3.95@4.05. London, 20 poid. Spelter—Steady, \$5.25@5.35. London, 21 pounds, 10s.

London Wool Market.

London, March 17.—The wool sales closed today with offerings of 5535 bales. Bidding was brisk at current rates.

Lead.

St. Louis, March 17.—Lead—Dull, \$3.90. Spelter—Nominal, \$5.15.

Money.

New York, March 17.—Call money, steady, 1 7-8@2 per cent; ruling rate, 2 per cent; closing, 1 7-8@2 per cent.

Time loans, softer: 60 days, 2 3-4 @3 per cent; 90 days, 3@1-4 per cent; six months, 3 1-2 per cent; Mercantile paper, 4@4 1-2 per cent; sterling exchange, firm, 60 days, \$4.8450; demand, \$4.8635; commercial bills, \$4.8375. Bar silver, 58 1-8c. Mexican dollars, 45 1-4c. Government bonds, steady; railroad bonds, irregular.
